FRIDAY, JUNE 29, 1945

## Yard Gets Contract For Landing Barges

Award of a new contract to Marinship Corporation, by which the Sausalito shipyard will immediately start construction of invasion barges for the United States Army in addition to its tanker construction and repair work, was announced this week. Construction of new ways was started Tuesday, according to William E. Waste, vice president and general manager, and building of the first 30 barges was expected to start Wednesday.

Each barge is 100 feet long, 29 feet wide and 9 feet high. They are designed to be towed behind other vessels carrying invasion material. They are all riveted and made entirely of steel. Steel has already started to arrive at Marinship, it was stated, in a partially pre-fabricated condition.

"The United States Army needed someone who could turn out these critically needed barges at once," Waste declared. "We had the capacity and the ability, so we told them we could do it. In so doing we will make use of manpower and facilities in the north end of our yard. This will balance the added work being thrust on the south end of our yard by the repair work which we have already undertaken."

Construction of the barges will in no way delay the tanker construction and repair work previously assigned to Marinship. This is the first time Marinship has ever had a direct contact with the U. S. Army or any agency other than the Maritime Commission.

It is expected that the first barge will be completed by the middle of July, and that a rate of five barges a week will be attained at the peak of the program.

There will be a single new way, which will be wide enough for four barges to be built side-ways at one time. When the bottom one is completed it will be launched by being pulled into the water, and the others will be moved down to make room for start of a new one at the top of the way.

"Now we are truly working for almost every part of the American armed forces," Waste declared. "These barges are needed at once by the Army; our big oilers are used by the Navy; our merchant tankers are for the Maritime Commission; and our repair program is designed to keep the merchant ships in action."

"This is our first assignment of this type, and I am sure that the men and women of Marinship will quickly prove that they are ready and able to assume any other added tasks placed upon us."

## Four-Year-Olds Set Grass Fire On Hill Slope

The Marin City Fire Department has made 83 runs since January 1. Most recent was Wednesday at House 413 where the householder was attempting to burn down grass around his residence, without permission from the department. Firemen extinguished the blaze and ordered the man to desist his individual fire-fighting efforts.

On Friday, the department responded to an alarm for a grass fire in Section 4, above Highway 101. The blaze had been set by three 4-year-olds who were severely scolded by firemen, and taken home for an additional lecture by parents.

Also on Friday were two spot grass fires on Waldo Point. No damage is reported on any of the alarms.

## Marin's Camp Taylor Opens On July 9

Camp Taylor, Marin County's day camp, will be open for young groups from each community in the county from July 9 to September 2. The schedule will be as follows:

Monday—Sausalito, Woodacre, Forest Knolls, and Ross.

Tuesday—Family day.

Wednesday—Belvedere, Tiburon, Alto, and Mill Valley.

Thursday—Marin City.

Friday—Novato, San Anselmo and Meadow Park.

Saturday—Larkspur, Corte Madera, Kent and Fairfax.

Only cost of the day's trip will be 50 cents for round trip bus fare. In addition, each child will be asked to bring his lunch and a sweater.

A full program of recreation activities will be included in each outing. New program ideas for the camp are ladder tournaments, and decathlon tests. There will also be wading in Paper Mill Creek, nature hikes, and games.

The camp is sponsored by the Marin County Recreation Department, with J. Sisk, director. Staff members from each community will accompany the groups of children. This is the second year the summer day vacation program has been established at Camp Taylor.

## CUBBING IS PRE-SCOUT PROGRAM

### FOUR ACTIVE DENS IN MARIN CITY

"Cubbing is the younger-boy program of the Boy Scouts of America, a program which gives the whole family—mother, dad and son, a chance to enjoy things together. The pack meeting is a family meeting. Without the parents' help, we don't have a cub organization," says W. L. Parker, Marin City cubmaster, in an appeal for cooperation from local parents.

In a re-vitalized program of cubbing, which began in Marin City six weeks ago, there are now approximately 27 active Cubs, formed into four dens. These small neighborhood groups are composed of boy members under the leadership of a den mother and a den chief, an older Boy Scout.

The first Den of Marin City meets with Mrs. Wm. Shimmin of House 271, at 6:30 every Monday evening. Den 1 members are Edward Bishop, Paul Everett, Jimmy Clausen, Douglas Shimmin, Raymond Eijalva, Theodore Greenwald, and Dennis Mygaard. The eldest Shimmin son is den chief.

Den 4 of our town is led by Mrs. Walter Casey of A41-326. Boys are Bill Croslin, Ralph Johnson, Marvard Casey, Rodney Myers, Ronnie Evans, Richard and Arthur Walenta. Ralph Price is den chief of this pack which meets Thursday afternoons at 2:30.

Mrs. Alfred Young of House 507 is den mother of Den 5. Members of her group are Richard and Billy Young, Gregory and Matthew Keller, William Bradford, Dick Berglund, and

President Harry S. Truman

## Truman Passes Marin City on Way to UNCIO

A number of Marin City residents who turned out to see Harry Truman go by last Monday, were like the little boy who turned to his father and said: "Did I see the President, daddy?"

It's related that daddy said yes, and the child returned to its home happy. Also happy and satisfied were the bystanders who watched the 90-car cavalcade pass by Marin City, with flags of the United Nations identifying passengers in many of the automobiles.

Although many were not sure whether they had waved to President Truman or an under-secretary from Turkey, everyone felt they had been brushed, even if only so lightly, by history in the making. For they had personally seen leaders of the world headed toward the final session of the United Nations Conference on International Organization.

Billy Delano. There is no den chief for these boys who meet Mondays at 6:30.

The final den of Marin City's Cub Pack 32 is Den 6, under direction of Mrs. M. N. Wright of House 628. Members are Marvin Keyes, Francis Owen Fisher, Manuel Lee Stempson, Ivan London Clark, and Wilbur Roy Thomas. Denner of 6 is Leo Wright.

Den 1 leads in accomplishments, having just completed its Bobcat test. The boys are now working toward passing the Wolf requirements.

Along with the weekly den meetings, there is also a weekly gathering of the entire Pack, under leadership of Cubmaster Parker and his assistant, G. W. Moorhead.

A constant emphasis upon parent participation in the cubbing program, is made by officials of the group. In particular, parents of all boys who are now Cub members, are urged to attend the 7 p.m. meetings every Tuesday in the Community House council room.

The organization is open to all boys in Marin City of 9 to 12 years of age. Further information regarding application for membership in the local group may be had at the Fire House, where members of the Fire Department form the sponsoring agency. Working with these men is an active scouting committee composed of Paul Hogenkamp, chairman; Vern Lindburg, Earl James, Rolf Bremer, J. B. Wilker, and Arthur Hart.

## USES Lists Job Opportunities

In response to The Marin Citizen's request for a detailed listing of Bay Area job openings, the United States Employment Service at San Rafael yesterday released the following work information. The actual number of openings are not given, as that changes from day to day. However, for each employer listed which does not state the number of

vacancies, the number is large.

## 'Seeing Eye' Puppy Stolen Here Saturday

A German shepherd puppy, which was to be trained as a Seeing Eye dog, was stolen from in front of the Marin City Market last Saturday while its mistress, Mrs. Glen Thomas of B3-565, was shopping.

Entrusted with care of the puppy until it is old enough to go to the training school, Mrs. Thomas this week was desperately seeking her charge. Mrs. Thomas was caring for the puppy as a volunteer contribution to the "Guide Dogs for the Blind", a non-profit organization which furnishes and trains dogs for blind ex-servicemen.

As the dog is destined for such a vital service, it's puppy days' training and feeding are of great importance. Unless it can be located immediately and returned to Mrs. Thomas, some serviceman who lost his sight in combat will be without the guidance which this friend might have given.

The German shepherd female was brought to Mrs. Thomas the morning of the day when it was taken. During her shopping trip, Mrs. Thomas had tied the dog to a post in front of the store. When she returned, some one had unbuckled the dog's collar, and had taken the puppy away.

Anyone with information about this valuable animal, which is owned by the U. S. Army, should contact the Marin City USO-TA or Mrs. Thomas. A reward is offered for its return.

## Capt. Hendrickson In U.S. After Overseas Duty

Capt. Robert P. Hendrickson of Marin City, was one of nine Marin men who returned from Europe, under the redeployment program, last Sunday. The men arrived in New York on the former luxury liner S. S. Virginia, now known as the U.S.A. T. Brazil.

A member of the 97th Infantry Division which fought in the Ruhr and Czechoslovakia as a unit of the First and Third Armies, Capt. Hendrickson is the highest ranking of the returning regiment men. He is commanding officer of Company H, a heavy weapons unit in the Second Battalion.

Hendrickson was formerly an officer in the 95th Division, one of the original members of the teaching staff which trained the 97th at Camp Swift, Texas. He was advanced in rank from first lieutenant to captain as "commander of the company."

His wife, Evelyn Hendrickson, will greet him here as soon as he has been issued his furlough papers at Camp Beale.

## Sunday Dance

A public dance will be held in Marin City this Sunday, July 1, sponsored by the Double V Club. Music will be by the Navy Five Band. All are invited to attend.

Workers should apply to the office of the United States Employment Service in the area in which the plant is situated. For jobs in Marin County, they should contact the office at 1557 Fourth Street, San Rafael.

"All openings except domestic and casual are subject to War Manpower regulations, and every worker should have a release from his last employer, and must have a clearance from the USES before he may be hired by a new employer," said Wilfred C. Gruit, San Rafael USES manager.

The official USES release, exclusive to The Marin Citizen, follows:

**Hunters Point**—Has openings for women in the clerical line. In very great demand of men for skilled work on ship repair operations; unlimited openings for men in helper and laborer classifications. Summer openings for minors as clerk-typists, messengers and male laborers.

**Mare Island**—Some clerical openings for women; well-qualified women journeymen will be hired if they pass test. Unlimited number of openings for skilled, semi-skilled and unskilled male workers in ship repair. Will use High School boys for summer work as classified laborers. Boys who have reached 16 years of age, but not yet 17, may take a vantage of the Apprenticeship Program offered.

**Railroads**—Only openings for women with the local railroad company are for skilled Telegraphers.

Maintenance openings requiring experience for men, and various laborers in the shops and on the road are needed with no previous experience.

Various railroads in the western States are badly in need of all types of experienced and unskilled male workers for the continued running of our trains.

**Army Installations, Presidio, S. F.**—Needs all sorts of experienced clerical workers and those having no experience. Can use women in various laundry operations, and in the hospital for mess attendants.

Men are needed in the skilled maintenance capacities—and some openings for unskilled workers as warehousemen, laborers, etc.

**Ft. Mason (S.F. Port of Embarkation)**—Has numerous openings for skilled and unskilled clerical workers. Will train women who have knowledge of typewriter keyboard for the Clerk-Typists—paid while learning.

Many openings in the professional field for men; also a great need for men in all of the skilled crafts, many in the laboring and longshoring categories.

**Transportation (Pacific Greyhound)**—Still a great demand for male and female bus drivers.

**Hamilton Field**—All types of restaurant work for women—will use inexperienced workers and train. Various clerical openings—varying in degree of skill, and some power machine operating.

Majority of openings for men are for highly skilled aircraft mechanics, some openings in the crafts (Post Engineers), and some unskilled.

**Marinship**—In need of typists and stenographers. Need some skilled (Continued on Page Two)

## Repair Work Begins On Combat Vessels at Yard

Repair work on war-worn merchant ships is now under way at the shipyard of Marinship Corporation at Sausalito, it was disclosed today for the first time. This disclosure came only shortly after it had been announced that the Marin yard would undertake repair work in addition to new tanker construction. Although the names and exact types of repair ships cannot be released, it is known that a freighter was the first ship to arrive at the Marinship docks under the repair program, and that repair work was immediately undertaken.

The arrival of the ship was witnessed by Sausalito residents who saw the rusty hull of the veteran ship pass through the harbor defenses and then head up the Sausalito channel toward Marinship. This was the first time in almost two years that a merchant ship had traversed this channel.

It was in August, 1943, that Marinship delivered the last of a series of 15 Liberty ships and then converted its production entirely to tankers. At that time it was not known whether freighters would ever again be seen at Marinship. Change in Pacific war, with mounting battle casualties, in part due to Jap suicide tactics, explains why the repair work was started.

Observers in Sausalito were startled to see the freighter at the Marinship docks after having seen a procession of 71 tankers with their distinctively different appearance.

Increasing enthusiasm and interest was noted among Marinship workers who realize the importance of Marinship, not only in building ships, but now in repairing them. The repair work will be handled without slowing up or impeding the tanker construction program, it was declared.

## Workers Save Money, Time On Tanker

The "miracle tanker" Huntington Hills, built at Marinship Corporation's shipyard in only 33 days, was not only the world's fastest built tanker, but also the cheapest ever constructed, at the shipyard.

This was announced today by William E. Waste, vice president and general manager, just a few days after the graceful gray tanker had sailed away from the San Francisco Bay shipyard to undertake its wartime duties.

Waste revealed that only 550,000 manhours were required to build the powerful 523-foot ship. This compares with a total of more than 1,500,000 manhours required for the first tankers of this series at Marinship and similar starting figures at comparable shipyards.

"By organization and increasing skill our workers have saved about two thirds of the cost of this tanker. This means substantial savings for Uncle Sam," Mr. Waste declared.

"We realize the importance of these gasoline carrying ships. By knocking 26 days off the world's record we are giving the armed forces nearly a month extra use of that ship. This is particularly gratifying in view of the fact that, at the same time, we are actually saving money for the taxpayer."

The "Huntington Hills" was delivered only 33 days after keel-laying. This compares with a previous record of 59 days for the fastest comparable tanker ever built.

Each manhour represents the work expended by one worker during one hour. Hence, a reduction in total manhours per ship reflects increasing efficiency and production by the workers and their organization.

### Dog Bite

Mrs. Beatrice Holloway of B3-567 was bitten on the ankle by a stray dog last Sunday. She received emergency treatment at the Medical Center.

## 1945 CENSUS IS COMPLETED IN MARIN CITIES

San Rafael has increased over 30 per cent in population in the last five years, according to a census just completed by the federal government, in cooperation with the San Rafael City Council.

Jumping from a figure of 8,573 in 1940 to 11,389 in the count just completed, San Rafael has shown a phenomenal growth. The survey here incorporates all persons living within the city limits, but does not take into consideration outlying districts such as Marina Highlands, Lomita Park, Santa Venita, Bayside Acres and the Golf Tract.

The census in San Rafael is a part of the population count that has been going on in Marin County for the past several weeks, and was handled locally by John A. Napier from the census bureau in Washington.

A breakdown of the figures shows the following:

Male, white.....	5,079
Male, negro.....	26
Male, other.....	40

Total Male.....	5,163
Female, white.....	6,177
Female, negro.....	32
Female, other.....	17

Total Female.....	6,226
-------------------	-------

San Anselmo's current population is listed as 7,125, an increase of 1,335 over the 1940 figure of 5,790, or 23 per cent gain. Of this number, 3,263 are males and 3,889 are females.

In Corte Madera the tabulation just completed gives that city 1,512 residents, a gain of 414 over the 1940 figure of 1,098, or nearly 40 per cent increase.

Sausalito's population was upped 29 per cent in the five-year period, having increased from 3,509 in 1940 to 4,917 at the present. As in other cities, the female population took the lead, numbering 2,326 among the whites, with 2,246 males. Negro population totaled 60 males and 15 females, and all other races, 41 males and 31 females.

## New Pastor at Local Church

John F. Duffy, Jr., has been appointed pastor of the Marin City Community Church by the Northern California Council of Churches. He will begin his pastorate on Sunday, July 1.

At present, Rev. Duffy is a senior student at the San Francisco Theological Seminary. He plans soon to move to Marin City with his wife and their 2-year-old son, Johnny.

"Man's Value of God," will be the topic of his first sermon here, to be delivered Sunday at 11 a.m. Everyone is welcome to attend.

Sunday School classes will be held as usual.

## Youngster Breaks Wrist in Fall

Diane Bosley of House 615, fell out of a tree while playing last Monday, and fractured her right wrist. The fracture was reduced and splinted at the Medical Center by Dr. Nathan Mann, and then the 5-year-old patient was sent to Ross Hospital for an X-ray.

## Bay Area Job Listings by San Rafael USES

(Continued from Page One) male workers; few openings for unskilled men.

**Service Industries** — Restaurants in Marin County have 40 openings, mostly waitresses, some cooks, cashiers, kitchen helpers and dishwashers. A large percentage of these openings are available at Hamilton Field. Few employers will train women for waitress work.

Male openings are mostly for cooks and kitchen helpers. Various routeman jobs in various industries and unskilled jobs pertaining to these industries are now available. Garages still in need of skilled auto mechanics and general body repairmen. Will accept apprentices according to Apprenticeship Program established for Marin County.

**Laundry and Dry Cleaning** — Twelve openings for women, greater number experienced; will train some for those jobs which require little experience and training. All openings for men in dry cleaning are skilled openings.

**Hospitals** — Urgently in need of registered, graduate and practical nurses. Need maids, mess attendants, and kitchen helpers with no experience.

Also men openings for kitchen helpers requiring no experience, living quarters included.

**P. T. & T.** — As always in great need of operators for all offices in Marin County; no experience required, two weeks induction training with pay.

**Domestic** — Ten openings for women day workers at \$1 per hour, also openings to live-in 17 housekeepers, etc. Salaries range from \$75 to \$100 per month.

Various gardening jobs and casual laboring for men.

**Miscellaneous** — Sewing machine operators, service station attendants, etc.

## July First Is Deadline For Auto Tax Stamp

Only 150,000 car owners in California out of an approximate 2,818,000, have purchased the Auto Use Tax Stamp, Collector of Internal Revenue James G. Smyth revealed this week in San Francisco.

Unless car owners purchase the stamp immediately, the last minute rush may cause a long wait in line, Smyth said.

The Auto Use Tax Stamp must be affixed to the windshield of all automobiles, regardless of age or condition, model or make, passenger or commercial, using the public highways, by July 1.

Stamps are now on sale at all post offices and internal revenue offices.

## Lost Garments On Display at School Saturday

A number of children's garments — including good over-shoes, jackets, coats, and rain hats — have been left unclaimed at the Marin City Grammar School. The articles were left in classrooms by forgetful youngsters, and a sizable accumulation has been built up over the school term.

Parents or youngsters who recall a garment lost in this manner are urged to come to the school building tomorrow, June 30, in the morning, when the school secretary will be on hand to help searchers locate their belongings.

## New Sanitary Area Would Include City

A sanitary district to incorporate the entire southern end of Marin County, between Alto and Sausalito, was the recommendation of the Post-war Planning Committee to the Board of Supervisors Monday morning. The recommendation was made as a result of findings by Harry Jenks, sanitary engineer, who has been employed to make a survey of the sanitary conditions of the county.

The proposed sanitary district would include Sausalito, Mill Valley, Alto, Homestead, Almonte, Tamalpais Valley and Marin City.

In presenting his recommendations to the Board, George Goheen, chairman for the Planning Committee, pointed out the importance of group action by the communities and the monetary saving to be made by a group action of a well-planned district.

Goheen said immediate action was imperative because Mill Valley has a sewer bond election scheduled for September 18, and joint action by the various cities should be decided before that time.

The matter was referred to

## Chickenpox Heads Health Report

Chickenpox was the most popular childhood disease in Marin County this week, according to a report from the Marin County Health Department. It leads the list of prevalent diseases, with 25 cases listed.

Others were German measles, 4; gonorrhea, 3; influenza, 8; measles, 10; meningitis, 1; poliomyelitis, 2; mumps, 5; scarlet fever, 4; syphilis, 9; and whooping cough, 3.

## USS Cohocton

The USS Cohocton, built for the U. S. Maritime Commission, was launched at Marinship yesterday. It is the 16th of a series of special 10,000 horsepower Navy oilers being constructed exclusively at the yard.

District Attorney Harold Haley for study before the organization of the district gets under way.

# WOMEN'S PAGE

## United Nations Program at Auxiliary Meet

The Woman's Auxiliary held its regular meeting at the home of Mrs. Clarence Husel of House 50 on Friday, June 22. Using the World Security Conference as a background, Mrs. Vern Lindburg gave an inspiring devotional on peace hopes for the world.

Placing the flags of the United Nations around the Bible, members of the group read the scriptures to illustrate aspirations of each country.

A trio composed of Mona Christiansen, Shirley Harris and Dorothy Renier concluded the program by singing the United Nations song.

There were 10 members, two guests, and the girls of the trio as special guests to enjoy the delicious refreshments served by the hostess, Mrs. Husel.

## News Notes From City Girl Scouts

Girl Scout Troop 18 is discontinuing regular meetings for the summer vacation. During July and August, the girls will meet in small patrols with different committee members and leaders. The object of these meetings will be work on their cook and hostess badges.

At this week's meeting an all-day hike was planned for August 28. Leaders and committee members will accompany the girls. All details will be worked out before the next committee meeting, August 21, in the lounge.

The regular Girl Scout business meeting was held atop the hill this week. Seven members, two guests, Mrs. Frank Ryan, Mrs. Arthur Hart, and the new leader, Mrs. Robert Bradford, enjoyed a woady hike up the hill and a light lunch before coming down the "quickest" way.

Girl Scout day camp for southern Marin starts July 9. All Marin City Girl Scouts who are registered for the camp are requested to be at the school at 9 a.m. or they will be left. The bus leaves promptly.

The Girl Scout committee met this week at the home of Mrs. J. R. Kahrt. The girls' vacation activities were discussed and plans laid for the long-anticipated all-day hike to be held in August. Also arrangements were made for the girls to work on badges this summer. The committee welcomed its new member, Mrs. Robert Bradford, of House 575, who is the new assistant leader in Marin City.

## Mother and Daughter Share Birthday Honors

Mrs. Fred Stolz and her daughter, Sharon, who claim the same birthday date, June 28, joined in a double family celebration at their home last Sunday.

An additional party was held for Sharon on the correct date when she entertained a group of her young friends with games and refreshments yesterday. Sharon's cake boasted nine candles.

## Congratulations

To Mr. and Mrs. William McAtel on the birth of a son at Ross General Hospital on June 26.

To Mr. and Mrs. Wiley Williams on the birth of a son at Ross General Hospital on June 25.

## Pot-Luck Supper Scheduled July 8

Residents are urged to plan for a community pot-luck supper which will be held before the Marin City Council meeting Sunday, July 8. All are invited to come — bringing a covered dish, salad, or dessert. Particularly invited are newcomers to the city who would enjoy meeting their neighbors.

The party will be sponsored by the Volunteers in Community Service, who will act as welcoming hostess.

## Praise for Medical Care By Patient

An enthusiastic endorsement of Marin City Medical Center care was received by the staff this week from one of its patients, Charles E. Stohr, of House 383.

Said the satisfied Mr. Stohr: "Early in January I took sick at the shipyard. When my wife notified the Medical Center, Nurse Olson was sent immediately. The doctors started examining my case, and I was sent to Ross General Hospital for x-rays. Then I underwent a major operation, from which I recovered in fine shape."

"When I asked for a check-up before going to work again, they got busy without any argument, and I was sent to a specialist, Dr. Olson, in San Francisco."

"I underwent two more operations, from which I am now recovering. Later I'll go back for more x-rays."

"Many thanks to the CPS, which I think is one of the greatest societies in the west, and to the Marin City Medical Center."

## San Jules Move To San Anselmo

Mr. and Mrs. James San Jule and son, Peter, moved Tuesday to San Anselmo where they have purchased a home. San Jule initiated publication of The Marin Citizen, and was editor of the paper for over a year. He is now working in San Francisco for a government agency.

Mrs. San Jule has been working recently at the Marin City USO-TA office.

The moving was not accomplished without hazard, as San Jule spent the transition period in the Marin City Infirmary, where he was confined with influenza.

VICS served refreshments at the Boy Scout Court of Honor held in Marin City last night.

Save paper and fat for the nation's salvage drive.

## Traubel Next Star on Music Chest Program

"A voice unparalleled in the world today", is what has been said of Helen Traubel, dramatic soprano of the Metropolitan Opera Association who will make her second appearance in Marin County under auspices of Marin Music Chest, Sunday afternoon, July 15, in Forest Meadows, San Rafael.

Traubel, who was born in St. Louis, received most of her musical training in that vicinity. Her triumph is not only that of a great singer, but also of a great woman who has dedicated herself to music.

Concert on July 15 is the second in the Music Chest's summer concert series.

## Bowling Club For Teeners

A county-wide Teener Girls' Bowling Club, the first of its kind in this area, is now being organized in Marin City by the Recreation Department.

Designed to furnish instruction and recreation, the new club will take over a local bowling alley for one afternoon a week, with rates at 25 cents per game.

Marin City teen-age girls are urged to register this week with Harriet Winstel, at Bldg. 402, telling her the afternoon preferred for the new enterprise.

The new club is expected to be particularly popular here, as there have been so few other projects organized for teener girls. Other young women from the county will also be included in the group, giving the local girls a chance to make acquaintances during the summer vacation.

## Visitor From New York TA Tours Marin City

Miss Margaret Creech, director of information and special studies of the National Travelers' Aid Association, was in Marin City on Wednesday, visiting the local USO-TA office.

Interested in local employment and service trends, Miss Creech was escorted on a tour of Marin County and Marin City by Mrs. Marie Larson, local director.

## Women's Club Meeting

The Marin City Women's Club will hold its regular business meeting at 7 p.m. Thursday, July 5. Guests are invited to attend.

## CHRISTIAN SCIENCE CHURCHES

"Christian Science" is the subject of the Lesson-Sermon in Christian Science churches on July 1. The Golden Text, from Hebrews, reads: "Lift up the hands which hang down, and the feeble knees; and make straight paths for your feet, lest that which is lame be turned out of the way; but let it rather be healed" (12:12,13).

One of the Bible citations in the sermon is Matthew 5:16: "Let your light so shine before men, that they may see your good works, and glorify your Father which is in heaven." Correlative to this verse is the following passage from "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "As time moves on, the healing elements of pure Christianity will be fairly dealt with; they will be sought and taught,

## To Be Hostess At Party

Barbara Williams of House 650, will be hostess to a group of her friends on Sunday, July 1, to celebrate her 10th birthday. Guests will include Lois Fields, Dorothy Melton, Ruth Melton, Shirley Schaffer, Barbara Schaffer, Madeline Jensen, Georgette Jensen, Barbara Valentine, Marian Valentine and Cynthia Myers.

There will be games with prizes for the winners, and refreshments will be served at 5 p.m.

and will glow in all the grandeur of universal goodness" (p. 329).

## Yard Boosts Seventh War Loan Sales

Purchase of \$900,000.00 in 7th War Loan securities by Marinship Corporation was announced this week by Marin County war bond officials, moving the county nearly a million dollars closer to its quota in the current drive.

Meanwhile, workers at the Sausalito tanker and repair yard were joining with their employer in enthusiastic support of the 7th War Loan Drive.

During the first 10 weeks of the drive, Marinship employees purchased \$647,837.00 in War Bonds through the payroll allotment plan, in addition to \$48,500.00 purchased for cash.

This \$696,337.00 in War Bond purchases by Marinship employees, added to \$900,000.00 purchased by Marinship Corporation itself, makes a total of \$1,596,337.00 in War Bonds purchased by the men and women of Marinship since the start of the 7th War Loan Drive. This entire amount is applicable to the Marin County quota of \$5,672,000.00, it was stated.

Thus, Marinship Corporation and its employees have already purchased bonds amounting to more than 28 per cent of the total quota for Marin County.

It is expected that this amount will be further expanded before the conclusion of the drive, due to additional cash sales and to regular payroll deductions for bonds amounting to \$60,000.00 a week.

Marin County bond officials allocated \$300,000.00 of the Marinship Corporation purchase to meet the shipyard's own quota. The remaining \$600,000.00 they allocated to every one of the 25 Marin County districts in proportion to the quota of each.

Thus, San Rafael received a credit of \$230,280.00 toward its quota. Nicasio, with the smallest single quota in Marin, received a credit of \$1,500.00. To Mill Valley went credit for \$64,260.00; to San Anselmo, \$61,560.00; to Sausalito, \$59,780.00, and to every other district in proportion.

## Awards at Scout Court Of Honor

The Scout Court of Honor held in Marin City last night opened with allegiance to the flag. Scoutmaster Arthur Hart gave a short speech of introduction and welcome, then turned the meeting over to Larry Biancalana, chairman of the Advancement Committee, Marin Council, District 1, Boy Scouts of America.

There were three second-class awards to Robert MacKay, Troop 8, Sausalito; George Newman, Troop 32, Marin City; Raymond Seiker, Troop 32, Marin City. Two first-class awards went to Fred Bigall, Troop 8, Sausalito, and Hugh MacKay, Troop 8, Sausalito.

Larry Jay, troopmaster of Sausalito, pinned the badges on his boys.

Merit badges were awarded as follows: James Coker, safety; Joe Shimmins, reading, safety, and athletics; Larry Jay, scoutmaster of Troop 8, cooking.

A service award for Robert Abbott was presented to his mother, Mrs. Harrison Abbott. Scout Abbott was unable to attend as he is confined to his bed with a heart ailment. A service award represents 50 or more hours of community service.

The court was closed after the scoutmaster's benediction. Joe Shimmins blew "taps".

Refreshments of doughnuts, coffee and pop were served by Mrs. Earl James, Mrs. John Keller and Mrs. Arthur Hart.

After refreshments, Marty Horrell, assistant scoutmaster of Troop 8, led the boys in songs and scout yells.

Marin City boys present were

## A Year Ago In Marin City

(From The Marin Citizen files of June 30, 1944.)

An appeal for more aid to the community's teen-age group from the adults, was made at the Marin City Council meeting by Mrs. Lois Nelson.

Notifications of apartment rent changes were sent out—lowering one-room dwellings \$1.50 per month, and upping the A apartments \$1.50.

Marin City's bus lines started an experimental Sunday schedule for the benefit of local residents.

Three boys were awarded for the composite sermon which they delivered on Children's Day. They were Dale Moen, Robert Perry Abbott and Ernest Clark.

The model airplane club was opened up to admit pre-teener boys.

Admiral E. S. Land, chairman of the U. S. Maritime Commission, charged that repeated irresponsible rumors were driving skilled workers from the shipyards of the nation.

Sgt. Walter P. Hirschfeld, husband of Mrs. Hirschfeld of Marin City, was killed in action over Europe. He was tail gunner on a Flying Fortress.

The Marin City All States, Marin City league team, were defeated by the Sausalito Boys' Club.

The popular Spanish class was disbanded for the summer months.

## Badge Awarded Pvt. Olson at Camp in Texas

Pvt. Loyd W. Olson, son of Mr. and Mrs. Vern Olson of Marin City, has been awarded the Expert Infantryman Badge for proficiency in weapons, tactics, physical condition and leadership at the Infantry Replacement Training Center of Camp Fannin, Texas.

Pvt. Olson is a trainee in Company D, 82nd Battalion, 15th Training Regiment in the IRTC. The Expert Infantryman Badge which authorizes \$5 additional pay per month to enlisted men, is awarded Army Ground Force officers and enlisted men who qualify successfully with several Infantry weapons, complete arduous physical tests and such phases of Infantry training as scouting and patrolling and demonstrate leadership in the field.

Joe Shimmins, acting senior patrol leader; Glenn Bishop, John Young, Bill Lindburg, Foster Clark, Ralph Price, Charlie Newman, Early Cobb, Raymond Seiker, Don Garies, Don Gardiner, Douglas Gonyea, Monty Douglas, James Coker.

Sausalito boys in attendance were Bruce Henderson, Robert Burt, Donald Allen, Raymond Green, Bert Wright, Anthony Mosetti, Robert MacKay, Fred Bigall, Harry Kumler, Kenneth Lunsford, Donald Holt, and Hugh MacKay.

Committee members on hand were Vern Lindburg, Earl James and Paul Hogenkamp. Unable to attend were J. B. Wilker and Rolf Bremer.

## Fairfax Set For July 4th Celebration

Fairfax is all set to celebrate its 26th Fourth of July observance with an assortment of amusement and entertainment that promises to be highly enjoyable to residents of Marin County and the Bay area.

The celebration will open Saturday night, June 30 and continue through Wednesday, July 4. There will be dancing every night until Wednesday, and free entertainment in the grove every evening with a complete change of program. Movies for the kiddies, a dog and pony circus, will be just a part of the celebration for the youngsters. Outstanding stars of the stage and screen in specialty numbers, acrobatic dancing, sleight of hand and musical selections will entertain each night at a free show in the grove.

Special number on the program for Sunday afternoon is the Fourth of July address at 2:30 p.m. by Roland Weiss, San Francisco orator of 9 years of age, who will give a ten-minute talk on "Are These the Things We Are Fighting For?"

The celebration is sponsored by Fairfax Celebrations, Inc., which devotes its profits to civic improvements on which some \$7,000 has already been expended in the past four years.

John Barton O'Brien, city treasurer, is president and general director, and is assisted by Charles Thornton, vice president; Miss Julia Arbini, secretary; Al Archer, treasurer and Harry Kremer, Louis Dallara, Mrs. Dora Carle and Mrs. Carl Welch, directors. Members of the Woman's Club, Lions, Fire Wardens and Fire Department manage various activities of the celebration.

## Seven Candles on Birthday Cake For Brown Boy

Lawrence Brown, son of Mr. and Mrs. Horace Brown, celebrated his seventh birthday last Saturday with a party at his home. Festivity included games and traditional party refreshments, topped off with an huge birthday cake boasting seven candles.

Young guests were Lyle Shurtz, Craig Shurtz, Janice Price, Lois Fairbanks, Dennis Meyers, Virgil Bowman, Charles Bertram, Michael Futrell, Michael Green, Donna Green, Mary Ann Ryan, Mary Lou Smith, Betty Bynum, Marvin Brown.

## Kerosene Served At Tea Party

Two 16-months-old girls were rushed to the Medical Center on Saturday after they had served themselves dainty refreshments, washed down with small cups of kerosene. Betty Jo Bullock, House 211, who drank her kerosene out of a doll's teapot, suffered no ill-effects. Neither did Betty Jo Lane of House 381, who had her stomach washed out after she had consumed about one-fourth cup of the unpalatable liquid.

Rodolfo and Dr. Fermin Arana of Nicaragua were guests of Mr. and Mrs. Earl James last Sunday. After dinner and a tour of the town and county, the Jameses and their guests attended the dance at the Community Building.

## Clang, Clang—Tweet, Tweet—Anvil, Piccolo

Perhaps in anticipation of coming elections, or maybe in preparation for some sinister performance, the State Personnel Board is this week announcing two examinations of interest.

The first — a band an orchestra leader, salary \$205 a month; and the second — an institution blacksmith, salary \$205 a month. Only answer we can think of—"The Anvil Chorus."

## Decision on Funds Being Made Soon For Recreation

Approval or disapproval of the application for funds to finance Marin County's Recreation Department will be made in Washington, D.C., on June 30, by the Federal Works Agency.

Should the grant be refused, it is likely that the recreation department staff would be withdrawn from Marin City, as well as other county communities.

## Craft Classes Moved to Field

Moving of Marin City's craft classes from Building 398 to new quarters in Houses 1 and 2, by the play field, was started this week. It is expected that the transition will be completed by the middle of next week.

In the meantime, all craft groups were postponed until the new rooms are ready.

## Baseball Error

Lloyd Ward of House 686, received a painful blow on the jaw last Sunday from a baseball while engaged in a game at the local field. No serious injury was suffered, as the swelling responded to the ice-bag treatment.

"You are only a foot from trouble," says the nationwide break testing program sponsored by the International Organization of Police Chiefs.

Let us check and adjust your brakes. A simple repair can save you trouble.

## Hedda Hopper: Looking at HOLLYWOOD

A world-wide audience and hence a world-wide influence is claimed for the product of the Hollywood studios. There is ample external evidence that this claim is not exaggerated. Indeed, it's only in the last few years that the public has become even dimly aware of how far-reaching the screen's influence really is.

And of course we of the industry itself are the last to learn these things. We can't see the forest for the trees.

Well, there are a few fundamentals that we can't get away from in evaluating the state of the world, present and future.

One of them is that if we're going to go on having wars all of us are going to suffer no matter who wins the victories.

Have you ever stopped to reflect that back in 1917 and 1918, when our country entered upon its first exalted crusade to make the world safe for democracy, nearly all of the present leading stars of motion pictures either were not born or were pretty young? There are some exceptions, of course.

### COVERING THE GLOBE

Today they are serving the flag on all the far-flung fronts where duty has called them. They are flying airplanes, burrowing into foxholes, helping to man carriers, battleships, cruis-

ers, destroyers, and submarines. They're accomplishing dangerous missions with cameras, waging the deadly war of propaganda in which our American ideas and ideals are the high explosives.

Where are their children going to be 25 years from today?

Our statemanship of today is America's legacy to its young men and women of tomorrow. Where is it going to lead us?

You might be surprised to realize how many toddlers cooing and gurgling in Hollywood nurseries today have a life and death stake in the answer to those questions.

### BUMPER CROP

Surprised? When I compiled a list of Hollywood babies born in 1944 and 1945 I was astonished.

I'm not drawing any distinction where babies are concerned but one can't name them all. This war has taught us that we are really and genuinely a democracy; that our Army, Navy and Marine Corps represent the people and are in very truth the people.

So, from the ranks of our professional artists, here goes:

Alice Faye Harris and her husband, Phil, have two baby girls. Same for Betty Grable and Harry James. Orchestra leaders, both, the fathers, and famous, too. Glamour boys. So's Dick Haymes a glamour boy. He and Joanne Marshall Haymes greeted a new baby last summer.

### GIRLS AND MORE GIRLS

My! Look at the baby girls in my list! Here's Ann Sothern with another; the father, Lieut. Robert Sterling. Ken Murray

comes along with a boy. Good for you, Ken. Martha Raye and Nick Condos had a girl. So did Jean Rogers and Danny Winkler.

Any what's this? Nancy Coleman delighted Whitney Bolton's masculine pride by presenting him with two girls.

Veloz and Yolanda produced a son. Benita Hume and Ronald Colman countered with a daughter.

Here's Ruth Hussey and Lt. Bob Longnecker adding to the female population; also the Eddie Brackens, Donna King and Lt. James Conklin, the Bob Crosbys and the Gregory Pecks relieved the monotony — their babies are boys.

And so we come into 1945. Rita Hayworth and Orson Wells were the first bigtime Hollywood mamma and papa of the year, and theirs is a girl. Eleanor Powell and Glenn Ford countered with a boy. Maureen O'Sullivan and John Farrow promptly announced a feminine addition to their growing family, but Susan Hayward hit the jackpot with twin boys. Jess Barker's the father. The Jack Carsons added a baby daughter.

### LOOKING INTO FUTURE

What a responsibility rests upon these young Hollywood fathers and mothers of little ones brought into this disturbed world!

We hear on all sides that what the world needs and is crying aloud for is leaders. Leadership. That, I think, no one will deny.

Fathers and mothers of this day, if you don't want to go through a repetition of broken hearts, sorrow, maimed bodies, wrecked minds and nerves a

## Farmers Buy War Bonds for Future Expansion

ON FARMS throughout the Nation this scene is being repeated daily in anticipation of the Mighty Seventh War Loan as farmers buy War Bonds with an eye to future electrical developments planned in the post-war period. Victory Volunteer Edward Schroer, right, of Cole County, Missouri, sells a War Bond to Vernon Wade, center, while County Extension Agent Clyde Brown casts an appraising eye on Wade's fine span of Missouri mules.

generation from now, better be looking alive right now!

\* \* \*

### AND 'TAS EVER THUS

I asked Gene Fowler how he was coming along with "Goodnight, Sweet Prince." He said, "We're at a complete standstill. I may have to sell the thing after all. Isn't it funny? It's like a

man standing on a street corner selling \$5 gold pieces for a buck and nobody will buy. I've had a fabulous offer for it, but nobody is willing to take it free." He wants all the profits to go to the motion picture relief home . . . Lana Turner now refuses to do bathing suit pictures for magazines.

## Associated Sportsmen's Efforts At Legislature Prove Fruitful

By Len Tibbott

Last Sunday, June 24, was the date of the regular monthly State Council meeting of Associated Sportsmen of California. The affair was held in Chico and around fifty delegates from various parts of the state and representing many sportsmen's groups were in attendance. After the meeting got underway, with President Art Evans rapping the gavel, reports of various committees were presented.

Highlights of the afternoon was the very detailed and comprehensive report of Gus Gustafson, who, through funds raised by affiliated clubs, has represented the sportsmen during the legislative session, now drawing to a close.

It was quite plain to see before conclusion of Gustafson's report that if it had not been for the fact that able representation had been maintained in Sacramento, much legislation detrimental to the interests of sportsmen would in all probability have been passed.

There is one significant fact that is growing in importance and that is the reaction of the unattached sportsman, in other words, the man who hunts and fishes and has never seriously considered joining an organized club or group. Those unattached sportsmen comprise by far the greater percentage of license buyers, but for one reason or another have been prone to lend their support to some organization.

However, this year the benefits to be derived through co-operative effort has been more noticeably displayed than in some years past, and many are the requests of unattached sportsmen for admittance to some club or other. It is to be sincerely hoped that this attitude will continue to grow, for now that the plenary powers bill is to become a law, it behooves all sportsmen to get together so that they may present a very comprehensive and practical program to the Fish and Game Commission when their meetings are held for this particular purpose.

One of the things that is being tossed around for consideration is the proposed remapping of all hunting and fishing districts in the State of California. There has been, from time to time, many changes and additions, and it would appear a clarified map relating to the various districts would prove to be a boon to the sportsman.

Other items pertinent to fishing and hunting were brought up, among them being a report by Fred Hartzell on the joint meeting of California and Nevada fish and game commissions to discuss issues of mutual interest, thereby showing that there is a growing attitude on the part of the commissions to endeavor to make regulations

## Defeat for Monarchs at Sunday Game

The Marin City Monarchs lost a well-played 7-inning game to Fairfax at Tamalpais by a score of 11 to 5 last Sunday.

The Monarchs tied the score at 4 to 4 in the fourth inning when Fairfax got the break of a questionable play at home plate as Catcher Ronald Walton and the runner collided — allowing two runs for the visitors.

Sam Derasons, the starting pitcher, did a fine job until relieved by Charles Ligon in the fifth inning. Charles did some sharp pitching in his first attempt in the box.

Ray Reed brought the grandstand to its feet with the only home run of the game, while Lee Porter followed with a three-bagger in the fifth inning. Sausalito will be the next visitor to play the Monarchs on the home field this Sunday at 12 noon.

The Monarchs are open for a game the Fourth of July or Sundays at 3 p.m. on the home grounds. For information call the Recreation Department at Sausalito, or write to P. O. Box 998.

most suitable to the largest number of persons affected. Pollution of rivers, streams and all navigable waters is another question in which an increasing interest is being shown, and the seriousness of this problem is steadily becoming more apparent, not only to sportsmen, but to any group that has the conservation of natural resources at heart.

In concluding the meeting, President Evans paid tribute to the legislation representative and the assistance given him by the many who helped in protecting the sportsmen's interests, and thanked the Chico Rod and Gun Club for their hospitality.

Representing Marin Rod and Gun Club were John Delaney and Len Tibbott, along with Charles Craig, president of District Council No. 7. The Marin club will play host to the Association at their regular meeting in July.

## Board Cancels Tax Bill on Camp Taylor

In anticipation of Governor Warren's signing A.B. No. 79, setting aside Camp Taylor as a state park, the Board of Supervisors Monday canceled all back taxes on the property, embracing some 23 hundred acres, and amounting to \$37,732.18.

This clears up the title to the property and is the county's contribution toward its purchase. The state's contribution toward the land's purchase will be \$45,000.

## Violators of Fish Laws Pay Fines

Letting it be known that laws made for the protection of fish and game are to be respected was indicated by the recent arrest and conviction of Dominic Spinale and Peter Ferrante, both commercial fishermen from Pittsburg.

The two were found guilty of having overlimits of striped bass and were fined \$100 each by Judge G. Crowley of Fairfield.

Another commercial fisherman from Pittsburg who was fined \$200 in the same court, was Joe DiMecurio.

The violator was using a net in four feet of water so heavily loaded it could not drift with the tide.

ALFRED CANTOR, Advertising Manager.

"The Marin Citizen" is delivered each week to the homes of more  
than 6000 war workers and their families. It is the only newspaper  
published in the second largest city of Marin County.

Subscription Rate: \$2.50 a year. Advertising rates on application

## Eisenhower Speaks

Recent utterances of General "Ike" Eisenhower, since his return from European battlefields, are refreshing indeed. Being a realist, he pulls no punches in telling of the horrors of war and just what should be done regarding the future of barbaric Germany. He is just as frank in his ideas on future world peace.

His statements are refreshing because they tend to discredit a well-planned program instituted by certain newspapers in America and other selfish individuals, designed to create dissension between the Allied nations, and more particularly between United States, Britain and Russia.

One of these chain newspapers, with a supposedly well-informed commentator, has been systematically spreading hate and mistrust between the United States and Russia, in well-planned articles designed to show that Russia is particularly bent on world conquest. Through these venomous articles, the writer, whose rantings strongly resemble those of the now defunct Adolf Hitler, attempts to set up a division line that would separate those nations who have sacrificed so tremendously in bringing Germany to her knees.

This propaganda has not only been used against Russia as an individual, but it has reared its ugly head during the San Francisco Conference, in an attempt to nullify any move that might be made toward world security and peace.

So then, for this reason, it is timely that General Eisenhower, who has proven himself to be not only a great military leader, but an outstanding diplomat as well, should make known the truth. He insists that we can no longer be isolationists; that we must accept ideas and theories of our Allies and cooperate to blend them into a workable peace program. He does not condemn Russia, but rather gives them credit for a tremendous job, well done, in the European theatre of war. Coupled with the regard our fighting men have for their Russian comrades whom they met on bloody battlefields of Europe, not as enemies, but brothers in a worthy cause, surely Eisenhower's statements should go far toward understanding between our nation and the Soviet.

After all, diplomats will have the final say in negotiations either toward peace or toward war. Public opinion, however will have its effect on the action of diplomats, and if we as a nation can insist on our desire to understand, not only Russia, but all other nations who are working toward a common goal, we will have taken a forward step.

Russia, kicked and beaten by a suspicious world, as well as by its rulers under old Czaristic regimes, must of necessity, be suspicious of the world in general. But the fact that they have put up such a valiant struggle against aggression in the past four years would tend to demonstrate they must have something in their hearts other than to follow the dictates of a ruthless dictator. Certainly their sacrifices, both as individuals and as a nation, entitle them to consideration as human beings in the future planning of the world.

There are many of the greatest minds of the world, along with General Eisenhower, who believe that cooperation with Russia is essential, and that it will work to the mutual advantage of the world. It seems that one statement by the man who is in a large degree responsible for the defeat of Germany; who has seen first hand the reactions of our Allied generals and the fighting men, is of far greater value than the continual rantings of international trouble-mongers, who see in war, profit for munitions makers, and the accumulation of a few extra thousand nickles through the sale of newspapers whose sole mission is to exploit the tragedies and misfortunes of the human race.

## What's Going On In The World?

Test Your Knowledge of the Headline News!

1. Two additional armies, the Third and the Seventh, have been announced as occupation forces in Germany. Does this mean that these combat troops will not be sent to the Pacific?

2. The House of Representatives seriously cut the appropriation for the Office of War Information, although this change has not been accepted by the Senate. What activities would be abolished by this cut?

3. What was the U. S. Supreme Court's decision on the controversy over the Government's efforts to deport Harry Bridges, West Coast CIO leader?

4. The Senate Finance Committee is holding hearings on the Bretton Woods Agreements. What is still necessary before the U. S. can become a member of the International Bank and Monetary Fund proposed at Bretton Woods?

### ANSWERS

1. No. The 86th Division from the Third Army has already arrived in New York on its way to the Pacific. Many of the combat units from those armies will be transferred, leaving only certain divisions in Europe.

2. The OWI has been giving information about the U. S. to the people of the world through the press, radio, pamphlets and movies. The cut would sharply limit its activities in Europe and make it possible to concentrate only on the Pacific theatre.

3. Harry Bridges won his seven-year battle to stay in the United States.

4. The Agreements, already passed by the House of Representatives, must be voted out of the Finance Committee and passed by a majority of the Senate. It must then be signed by President.

## MARIN CITY BULLETIN BOARDS

### GIVE PICTURE OF HUMAN EVENTS

Marin City's open air bulletin boards with their wind-tossed notices give a neighborly side-light on Marin City life. The most wistful notes on one board are weather-stained pleas in determined handwriting "for a ride back to Oklahoma." No answer appears as to whether the would-be travelers got their transportation.

But one note on the board did get a response on the spot. It was a sign saying that a little girl's glasses were lost. Penciled in the margin was a helpful line saying, "There is a pair of glasses at the Rental Office."

Then there's the humorist or budding zoologist living here who wants "One genuine deodorized wood pussie, alive."

Another boy wants to sell his bow and arrow "shot about four times. Reason for selling, want larger one"—which makes it clear he's not trying to pawn off any old worn-out set on prospective buyers.

Other buyers are sought by departing families, anxious to unload their furniture here before going back home as the head of the house joins the Army. These signs are pretty well balanced by newcomers who seek furnishings to set up housekeeping here.

There's a brisk trade going on between new parents seeking baby baskets, scales, and beds, and older mothers and fathers anxious to sell them as their children outgrow babyhood.

In the midst of these modest

notices of furnishings, one lady advertised a mink paw coat for \$400, while a gentleman gave notice he has a 35-power Wollensack telescope for sale.

Car sellers and buyers are well represented, also, with one car owner getting desperate about wanting to exchange one sized set of tires for another.

Three hundred dollars worth of drill presses, power saws, etc., have been announced for sale by one man, even as two others proudly proclaimed their possession of such machinery, declaring they are anxious to use it to build or repair your furniture.

One family, apparently happily settled in Marin City, advertises that they want to sell their trailer house.

Most of the notes are undated and old ones aren't taken down, so they all have a timeless quality. Has the family who wanted a bed, bought it? Have the people who wanted to sell their dining room table, found a buyer? It's anyone's guess.

## Paper Collection

Householders of Marin City are requested to assemble papers and magazines this week in preparation for the town's next salvage paper drive on July 8. The paper pick-up is handled by volunteers who urge residents to tie their contributions in secure bundles, with papers and magazines separate.

## Learns Fast By Neher

## Child Care Fees Upped By Government

An increase in Child Care Center rates will go into effect in Marin City on July 1, according to announcement from Rose Peterson, local director. Increasing costs in the maintenance and operation of Child Care facilities make it necessary to revise the present policy of the Bureau of Community Facilities, FWA, to permit an increase in the fees paid by parents, says an official bulletin from Washington, D.C.

The new rulings from the Federal Works Agency, Bureau of Community Facilities, which governs the local center, are:

1. Effective July 1st, 1945, the fee for nursery school care shall be increased to \$4.50 per week.

2. Effective July 1st, 1945, the fee for extended day care shall be increased to \$4.50 per week.

3. In those cases where there are two or more children of a family enrolled in the nursery school, the fee for the second and third child may be reduced to \$3.00 per child per week. In similar cases using the extended day care, the fee for the second and third child may be reduced to \$3.00 per child per week. There shall be no reduction made if one child is enrolled in the nursery school and another in the extended day care center.

4. If the initial registration of a child occurs in mid-week, the fee shall be pro-rated for the remaining days of the week. Parents who request less than six days service each week shall pay the full six day weekly fee.

5. It is mandatory that all fees be collected on a weekly basis in advance.

6. Refunds and/or credits may not be given except in those cases where the parent has given advance notice to the head teacher that the child is to be withdrawn from the membership of the unit. Such refunds should be made at the rate paid and for only those remaining days of the week for which services have not been planned or rendered. For example, a parent, having paid the full fee on Saturday for the ensuing week, notifies the head teacher on Monday morning that the child will not report that day and is withdrawn from membership. A refund would be made for the period Tuesday through Saturday, but not for Monday as service would have been planned for that day. Rebates or credits shall not be allowed for any days a child is absent.

7. By payment of the full fee a parent may retain a place in the nursery school or extended day care for a period not to exceed 21 calendar days. If a parent does not wish to pay this fee for retention of a place, the child shall be withdrawn. Re-admittance should then be approved only after all persons on the existing waiting list have been admitted, etc.

## Shoe Holiday Ordered in July

A ration holiday for "odd lot" shoes has been declared for a three-week period, July 9 through July 23. This "holiday" will permit shoe dealers to clean their shelves of odds and ends and broken sizes of shoes normally disposed of through clearance sales. Women's shoes with heels of one inch or less are not included, however, as these shoes are usually the type worn by growing girls and are in great demand so must be rationed carefully. Prices are to be at least 25 per cent less than the shoes were tagged on June 1, and dealers are being requested to limit sales to no more than a pair to a customer.
